## ABOUT ME

Hey there, welcome to my Blogging and Lifestyle blog. This is from where I hope to connect with the world. I talk about everything that matters to me (and to you too) because in reality, life is everything and I want to do it with you. Thank you for being a part of my process.

If this pushes an a-ha out from within your soul, I might have just helped you define it. You don't know what it is but it feels unpleasant. What's most worrisome is that you are worried that it feels unpleasant. Dating burnout is totally normal and here are better ways to describe your dating fatigue:
